Enhanced Access Controls

Ensure continued access to JUUL products by becoming an EAC compliant authorized JUUL retailer.

Visit the Juul Labs Retailer Resource Center and learn more about how you can play an active role in curbing underage access to age-restricted products, including JUUL products.

To combat underage use of JUUL products, Juul Labs is working with retailers across the U.S. to implement EAC within pre-existing point-of-sale system technology.

EAC includes two requirements for every JUUL transaction:

Advanced Age-Verification (ID Scanning)

To ensure customers are of legal age, and that an ID is valid and not expired.

Automated Product-Quantity Limits

To ensure customers cannot buy in bulk to re-distribute to those under the legal age by automatically blocking transactions that exceed Juul Labs' limits of 1 JUUL Device and/or 4 JUULpod Packs.

[Click here to schedule a virtual EAC readiness call, and become an EAC compliant retailer today.](#)
